Hazard Reporting

Why is it important to report a hazard?

We are all responsible for reinforcing the utmost safety of our employees, passengers and guests.

Airports across Canada may vary in size and complexity, but we all aim towards one shared vision...

ZERO INJURIES!

What is a Hazard?

A hazard is any existing or potential condition that can lead to:

- Injury or illness, or in the worst case, death
- Damage to or loss of a system, equipment, or property
- Damage to the environment

Hazard Reporting

Be a Lifesaver…

Don't wait until it is too late to report a hazard.

- Your safety and the safety of your co-workers and our passengers are dependent upon the proactive reporting of hazards
- Know your company's policy and procedure for reporting of hazards
